The diagram illustrates the structure of a USGS 1:50,000-scale map sheet. It shows a 3x3 grid of map sheets. The central sheet is labeled '1:50,000' and is surrounded by eight sheets labeled '1:250,000'. The central sheet is further divided into a 3x3 grid of smaller sheets labeled '1:100,000'. The diagram is titled 'USGS 1:50,000-Scale Map Sheet' and includes a legend for 'Physical Feature' and 'Nonvisible Boundary'.

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ A '*' following a place name indicates that the place is also a false MCD; the false MCD name is not shown.

² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '-99' suffix. An anchor symbol appeared on the 1990 map indicating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
